

CURRICULUM VITAE

DIONYSSIOS PERDIKIS
Assistant Professor in IPM

Affiliation	Laboratory of Agricultural Zoology and Entomology, Agricultural University of Athens
Address	Iera Odos 75, 188 55, Athens, Greece
Phone	0030 210 529 4568
Fax	0030 210 529 4577
e-mail	dperdikis@aua.gr

STUDIES

Department of Crop Production Science of the Agricultural University of Athens (AUA).

PhD on Insect Ecology – Biological Control. The title of my thesis was: “Studies on the biological parameters and food preferences of the polyphagous predator *Macrolophus pygmaeus* Rambur”. Supervisor: Professor Dionyssios Lykouressis.

Seminars on Integrated Pest Management and Statistics.

ACADEMIC EXPERIENCE

Lectures on subjects of: General and Systematic Entomology, Applied Entomology and Integrated Insect Pest Management and in the Postgraduate Programs on the Functional Biodiversity, Biological Control, Mass Rearing of Natural Enemies, IPM topics.

PARTICIPATION IN EU COMMITTEES

Member of the EFSA (European Food Safety Authority, Plant Health Experts Panel), 2006-2009 and WG external expert (June to December 2012).

I was invited and participated in the evaluation panel of research project proposals submitted under FP7, in Brussels.

PARTICIPATION IN PROJECTS

- REBECA (EU POLICY SUPPORT ACTION, Priority 8.1-FP6-SSA-4 REBECA).

- PYTHAGORAS II 2005-2007, “The Ecological Role of Biodiversity in Vegetable Agroecosystems”.

- “Intraguild Predation Among Biological Control Agents of Insect Pests: A New Approach with Considerable Practical Consequences in Quality Vegetable Production”.

- EPET II 453 that concerned the “Integrated Management of Aphids and Aphidborne Viruses on Vegetable and Other Crops”.

- Project of cooperation between Greece and Spain (IRTA INSTITUTE) entitled: “Polyphagous Native Predatory Bugs of the Families Miridae and Anthocoridae in Vegetable Crops”.

- “Integrated Management of *Phyllocnistis Citrella* Stainton (Lepidoptera: Gracillariidae), A New Pest of Citrus in Greece” that was funded by the Greek Ministry of Rural Development and Food.
- Member of the MANAGEMENT COMMITTEE of the COST ACTION FP 0901 “Analytical Techniques for Biorefineries”.
- HRAKLEITOS II “Studies on the effects of plant consumption, hunger level and intraguild predation on the prey consumption by omnivorous insect predators”,
- LIFE ENV/GR/000302 SAGE 10 “Establishment of Impact Assessment Procedure as a tool for the sustainability of agro-ecosystem: the case of Mediterranean olives”. (2012-2014). - I have been actively involved in the control of the new invasive tomato pest *Tuta absoluta* in Greece.
- Contributed in several activities in collaboration with the Greek Ministry of Rural Development and Food on IPM of vegetable and olive pests.
- Member of the MC of the COST Action FA 1105 “Towards a sustainable and productive EU organic greenhouse horticulture” – BIOGREENHOUSE
- Chair of the Quality Assurance and Monitoring Committee in the project: “Reshaping of Agricultural Vocational Studies in the Western Balkans – AGRIVOC” (2012-2015)
- Coordinator of the project: “Seminars in Agriculture-TRIPTOLEMOS” funded by the General Secretariat for Youth, Hellenic Republic Ministry of Education and Religious Affairs (2012-2013).
- Coordinator of the project: “Monitoring and damage prognosis and control of the processing tomato pests *Helicoverpa armigera* and *Tuta absoluta*” funded by the tomato industry (2014).
- A Location-aware System for Fruit Fly Monitoring and Pest Management Control FruitFlyNet Standard II-B/2.1/0865/ENPI CBC MED/EU.

CONVENOR OF A WORKING GROUP

(IOBC/wprs) Working Group : “Integrated Protection of Olive Crops” (2009-).

PARTICIPATION IN CONGRESS ORGANIZATION

Co-organizer (together with Dr Oscar Alomar (Spain)) of the Symposium entitled: "Predatory Heteroptera: Recent Advances and Future Needs" in the International Congress of Entomology (Durban, South Africa, 6-12 July 2008).

Chairperson of IOBC/WPRS WG on "Integrated Management of Pests in Protected Crops, Mediterranean Climate" at Chania, Crete, Greece (6-11 September 2009).

I have participated in the Organization Committees of the (IOBC/WPRS) conferences: “Integrated Control in Field Vegetable Crops”, that was held at Chania from 6-8 October 1997, “Integrated Protection of Olive Crops”, that was held at Chania from 29-31 May 2003, 12th Pan-Hellenic Entomological Congress, 13-16 November 2007, Larnaca, Cyprus, 14th Pan-Hellenic Entomological Congress, 11-14 October 2011, Nafplion, Greece.

ACTIONS FOR THE HELLENIC ENTOMOLOGICAL SOCIETY

President (2014-2015) of the Governing Board of the Hellenic Entomological Society, General Secretary 2010-2013, member of the Governing Board in 2002-2003, 2007-2008.

CO-EDITOR

Special issue entitled: "Heteropteran predators and their role in biological control in agroecosystems". *Biological Control* 59: 13-21. The issue consists of 9 papers.

Bulletins IOBC/wprs : vol. 49, 2009 / vol. 79, 2012 / vol. 108, 2014.

Co-editor of the IOBC guidelines: "Guidelines for Integrated Production of Olives" IOBC wprs Bulletin Vol. 77, 2012.

MEMBER OF JOURNAL'S EDITORIAL BOARD

Co-editor of the journal of the Hellenic Entomological Society "Entomologia Hellenica" (2014).

Member of the editorial board of the journal: "Bulletin of Insectology" (<http://www.bulletinofinsectology.org>).

Contact person of the journal of the Hellenic Entomological Society "Entomologia Hellenica" (2011-2014).

REVIEWER IN JOURNALS

PARTICIPATION IN NETWORKS ON AGRO-BIODIVERSITY

- Biodiversity Serving Agriculture, Organised by the European Commission Joint Research Center and Solagro, Ranco Italy, 3-6 July 2006

- The 1st, 2nd and 3rd Workshop EU-learning Network for Functional Agro-biodiversity, The Netherlands Ministry of Housing, Spatial Planning and the Environment, Hague 23-24 June 2008; Frick, Switzerland 2009; Ljubljana, Slovenia 2010.

INVITED SPEAKER IN CONFERENCES

- Biodiversity Serving Agriculture, Organised by the European Commission Joint Research Center and Solagro, Ranco Italy, 3-6 July 2006
- Insect Pest Management in tomato crops (3rd National Congress for Crop Protection)
- Insect Pest Management in Organic Agriculture (4th National Congress for Crop Protection)
- Biological control of insect pests of vegetable crops in protected culture (Centre for Environmental Information)
- Biological control of Insect Pests of Ornamental plants (National Institute for Agricultural Studies)
- Biological Control of Insect Pests (International Fair for Agriculture)
- OLIVEBIOTEC 2011, Chania, 31 October – 4 November, Greece

PARTICIPATION IN CONGRESSES

I have participated with presentation in 29 International and 17 Greek Congresses.

PUBLICATIONS

“Studies on the biological parameters and food preferences of the polyphagous predator *Macrolophus pygmaeus* (Rambur)”. 2000. PhD Thesis. Agricultural University of Athens. 351p.
